

Bulloch County Parks and Recreation Department VOLUNTEER COUNSELOR IN TRAINING PROGRAM

The Counselor in Training Program (C.I.T.) provides young adults who are no longer eligible to attend the day camp program, but not old enough to be a paid Counselor, the opportunity to develop the social, physical, emotional and mental skills necessary to become an exceptional and employable Youth Programs Counselor. Our continued success with our day camp programs depends on the diversity of offered activities and the considerable talents and capabilities of the Program Staff. A very integral part of our staff is the Volunteer Counselor in Training Program.

In order to obtain a C.I.T. position, numerous criteria must be met. The applicant must attend organizational meetings, complete ALL necessary paperwork and documentation, demonstrate enthusiasm, and competency, and attend the Summer Program Staff Training and Orientation Sessions.

Our main objective in offering this program is to offer an educational and recreational alternative for the young adults in our community. We are also devoted to developing exceptional future counselors and activity specialists who may in turn assist in the continued development and expansion of current youth programs offered.

We hope that you will choose to take the challenge of earning the opportunity to become a part of the Summer Program Team. A program such as ours is only as good as the people who operate it. We are sure that with our direction and your dedication you can become a productive and integral part of our program.
