Please do NOT wear flip flops or heels to camp! These cause most of our accidents in the summer – and it is just better to have on tennis shoes or sandals with back straps! Remember – the key is – CAN YOU RUN in them?!

Fieldtrips: Trips will occur in the mornings on the following days below. Parents are welcome on all field trips yet must provide their own Transportation, cost of admission, and must pick up their child at camp after the field trip.

Luetta Moore: *Monday, North: Tuesday, Brooklet: Wednesday: Honey Bowen: Thursday*

Additional Activities include: Art, science, games, reading, coloring, music, dramatic play, outdoor activities, fitness, etc. Activities are based on weekly themes that are developed by the camp staff. We are a recreation-based program, and we will have a variety of activities for both inside and outside. Parents are encouraged to sunscreen their child daily before coming to camp as well as send extra sunscreen for their child if it needs to be reapplied regularly throughout the day. Staff will also be reminded to reapply sunscreen on all children throughout the day.

Camp Drop off: We will have a staff person outside to greet children for entry until 8:30am. If you arrive after 8:30am no one is outside, please call the number on the sign and someone will be right out to assist you. A staff person will check in your child and ensure they get to the appropriate location.

Camp Pick up:

We will use the BrightWheel childcare app. Once an account is made, each family will be given a 4-digit code to enter each day at the time of pickup. The app will inform staff of the child needed to be sent out for pickup. App is free and works every mobile device.

Meals: Parents will be in charge of packing their children's lunch each day. No microwavable items. Parents will need to provide a water bottle with their child daily and clearly labeled with your child's name are required.

Educational activities: We will offer educational activities throughout the summer with our new Summer Enrichment curriculum from MindWorks. We believe this will help our children to maintain a quality learning experience throughout the year. We do not inundate them with this – but we do offer some activities that will keep them on track, for example: STEM activities such as Kiwi Co. kits, board games, videos, clubs, etc. Please let us know if your child has any disability that would hinder their participation in this type of activity.

This Summer Camp is also an inclusive summer camp for children with special needs. If you have any questions about our special needs program, please contact Haylea Hannah at (912) 489-9059 & hhannah@bullochrec.com.
